Woodcrest chairs – EN 1729 certified

The patented, lightweight Woodcrest chair is made of laminated hardwood and protected with childsafe clear finish. One piece construction is easy to clean and there are no joints to work loose.

The wide seat and ergonomic design support good posture.

Chair tips reduce noise and won't mark the floor.

The rounded "waterfall" chair front adds comfort.

The wide-based design makes the chair stable without having the legs protrude.

Promoting sustainable forest management – For more info: www.pefc.org

You can stack these chairs five high.

Size marking – EN 1729

The chairs and table legs are size marked to help determine the correct table/ chair choice. Match the size marks on table and chair. The chart shows the appropriate size marks for each age range.

Product label shows the chair's size mark.

You have the correct chair for ergonomic, comfortable seating if the child's feet are flat on the floor and his knees are bent at a 90° angle. Table should be approximately elbow height.

Teacher's low chair J432 £98

Teacher's low chair

Our Teacher's low chair is designed for the carer. At 30 cm high, it's a sturdy chair providing enough seat depth, width, and back support for the average adult.

The 'TLC' comfortably seats teachers low enough to interact with young children at their level.

Teacher's low chair J432 £98

Item	Dimensions (cm)
Seat height	30
Seat width	39
Seat depth	37
Maximum weight limit (kg)	170

"This chair is great! It is very sturdy, has an adult-size seat, and provides the back support I need. It allowed me to work at the level of my students without having to bend over all the time. I recommend this chair for any teacher who works with young students."

Jane Singletary
OT

The handhold makes this chair easy to move from one location to another.

Made of laminated hardwood veneer, with a tough, clear finish, the Teacher's low chair will give you many years of solid service.

Comfortable and low, the 30 cm Teacher's low chair combines adequate depth, width, and back support for most adults.

Soft seating

This inviting set will bring the touch of home to your setting. It is perfect for book corner and role play area.

Children feel drawn to this furniture, which is just their size. It is comfortable for adults too, with its 56 cm seat depth.

The sturdy hardwood frame is easily strong enough to hold a teacher.

Soft and durable foam.

Removable cushions are covered with panvelle stretch™, the new super-fabric with a waterproof backing.

Cleanable cushions with a waterproof backing.

“Children need security. Cosy, soft places where they can curl up alone or with a friend or caregiver are invaluable. Arrange your furniture to enclose some private corners, without sacrificing visibility for supervision. Your own childhood memories can inspire you. Where were your ‘special places’?”

Children come first

Child's armchair J641 £242
New, not available before April 1, 2009.

Child's sofa J651 £305
New, not available before April 1, 2009.

The fabric is called panvelle stretch™

Restaurants use it because it's so tough and because it resists wear and staining. Healthcare settings count on its durability and moisture-blocking properties.

Stain resistance: Almost everything comes off with soap and warm water.

Moisture resistance: Nothing will get past the moisture barrier.

Breathable comfort: in hot or cold weather.

Microbial resistance: helps prevent the growth of bacteria.

Gliders

Safety and durability are the built-in baseline on our gliders. They're a welcome addition to any childcare setting, whether you're cuddling a baby or reading a good story with toddlers. The Bench glider invites a caregiver and child to participate in a book together, or take time out for one-on-one in an otherwise busy day.

Bench glider J920

Foot stabilizer prevents tipping. Moving parts are shielded with a wooden base and fabric apron. Internal precision bearings are built to last.

Cleanable cushions are covered in a tough anti-microbial fabric designed specifically for restaurants, hospitals and other high-use areas.

Optional glider covers snap over back and armrests. These machine-washable covers come in sets of two, so one set can be laundered while the other is in use.
