Community Playthings

Children come first

Who we are

Because we design and create furniture with our own children in mind, quality and beauty come naturally. Our products are crafted by men and women who belong to a Christian community and believe children deserve the best.

The exceptional work you do alongside our high-quality equipment creates an environment where childhood comes alive.

Quality craftsmanship & design

Children need play equipment that is safe, simple, natural and beautiful. Our furniture is modular and adaptable, enabling your environment to be changed and developed.

All products are made in our workshops in East Sussex and Kent; their solid wood construction and robust joinery make for furniture and play equipment that lasts decades.

Input from educators and leaders like you has guided our product design for over 70 years. You'll find our products give staff an environment that is an extremely effective "third teacher."

Customer service

From product support to ordering and delivery, you have a UK-based account manager ready to answer any question you may have. Be sure to ask about our complimentary room layout service.

We provide free 2-week delivery anywhere in the UK, and all products come with a 15-year warranty. Our products come fully assembled and ready to use.

Safety & sustainability

We believe equipment for children should be durable and made in a way that preserves the world they will inherit. Crafted with children's health and safety as top priority, our products are free of any elements that are harmful for children or the environment. The wood we use is chain-of-custody certified and sustainably grown.

Outlast

The great outdoors is the ultimate playground for learning and growth. Extending your curriculum outside connects children with the natural environment on a daily basis. Outlast products are weatherproof, extremely durable, and aesthetically pleasing. They will transform your outdoor space, adding new possibilities and dimensions to your curriculum.

Weatherproof

Is it possible? Yes! Outlast products are made of acetylated wood, which has been proven to last for several decades in direct contact with the ground. Outlast will not warp, shrink, twist, or rot and does not need covered storage, whatever the weather.

Non-toxic

Acetylation is a treatment process that modifies wood at the molecular level, rendering it rot resistant without using any toxic substances. It's child-safe and environmentally friendly. "Safe enough to eat" is no exaggeration.

Durable

To complement the weatherproof wood, Outlast products are fastened with stainless steel hardware and UV-resistant rubber. Outlast is backed by our standard 15-year warranty.

The mark of
responsible forestry
FSC® C006924

Supporting sustainable forestry

Outlast is made with wood from well-managed, FSC® certified forests and other controlled sources.

Ultimate play value

Loose parts empower creativity and offer unlimited opportunities for problem solving and cooperative play, rain or shine.

Easy care

Mud scrubs off with water and any mild detergent. Don't worry if your products eventually weather to a silvery grey – this is a natural process for acetylated wood.

Child-friendly blocks are rugged, with no sharp edges or toxins. The child-sized handholds make carrying easy.

Blocks and ramps are compatible. Their innovative interlocking feature facilitates the creation of sturdy structures on uneven ground.

Outlast blocks are robust and develop gross motor skills.

Excellent play value. There's nothing like loose parts to encourage constructive play.

Interlocking blocks and planks make it possible to build and play on uneven ground.

Outlast block sets

ECERS 8: 7.2, 7.1, 5.2, 5.1

Outlast encourages imaginative play, child-directed discovery and learning in the great outdoors. Interlocking blocks and planks form the basis of this innovative constructive play system.

Reinforced with UV-resistant rubber corners and stainless steel hardware, Outlast blocks earn their 15-year warranty.

Nursery classic set with storage **W389** £5,800
Includes Outlast storage unit with 27 blocks, 27 planks, 6 steering wheels and 4 ramps

Outlast ramps allow children to explore the basic principles of physics the best way – through play!

UV-resistant bumpers reduce impact when blocks are dropped. Stainless steel hardware throughout.

Wide wheel base and 28 cm all-terrain wheels make this the sturdiest wheelbarrow around.

Perfect proportions:
The Wheelbarrow bed is designed to hold an Outlast crate.

Add a Flow pan to combine block play with water play for the ultimate outdoor constructive play experience.

Build a mud kitchen with the modular Outlast crates, blocks and planks. See page 13 for crates.

Outlast blocks & wheelbarrow

ECERS 8: 7.2, 7.1, 5.2, 5.1

Made of acetylated wood, Outlast items are rugged and exceptionally durable. The entire system is modular: crates share outside dimensions with blocks so they can be incorporated into block structures.

Tidy up the garden
Wood shelving will keep your outdoor space beautiful and welcoming.

Outlast storage

ECERS 8: 7.2, 7.1, 5.2, 5.1, 7:7.3

To help children keep the outdoor area tidy, the Storage unit neatly accommodates Outlast blocks and crates, and other outdoor toys. The waterproof roof protects resources, while spaces between floor slats provide ventilation and allow sand to drop out. Hose it out and the water drains.

The Outlast storage bench provides teacher seating, and fits two crates that neatly hold outdoor toys. Weatherproof wood and durable design provide year-round outdoor use in your garden or covered play area.

Outlast cascade play centre double (W445)

The child-friendly plug in the clear Flow pan allows children to freely experiment with water flow.

Built to last

There's no exposed end grain to split or splinter. Thick, curved legs provide a stable base.

Convenient storage

Two sizes of durable crates keep everything organised. The slatted shelves allow sand and water to run through.

Outlast flow pan fits securely onto Outlast streambed or Water play tables.

Streambed trays remove easily for clean-up.

Outlast cascade

ECERS 23: 7.1, 5.1 ITERS 21: 7.2, 5.3

Running water has always fascinated children, and the Outlast cascade is the perfect way to safely incorporate it into your outdoor play area. Experience real-life erosion, flood control and experimentation with natural loose parts.

Be warned: these products invite exploration and things will get messy. But don't worry! Built of weatherproof acetylated wood, they will withstand years of serious play.

The child-friendly plug in the clear Flow pan allows children to freely experiment with water flow.

Convenient storage is key to a tidy outdoor classroom! Two sizes of durable crates keep everything organised.

Large bore drain with a child-resistant plug makes cleanup fast and easy.

There's plenty of room for sand castles on the wide, smooth space around the pans.

A sturdy lid covers the pans at cleanup time. Curved handholds serve as vents to allow moist sand to dry out.

Outlast water tables

ECERS 23: 5.1, 7.1
ITERS 21: 5.3, 7.2

Here's a rock-solid, weatherproof sand and water table to give even more opportunity for outdoor sensory play. Add loose parts and simple containers and you have a recipe for hours of open-ended, irresistible play. Choose from two age-appropriate heights (46 cm or 61 cm).

A calm and organised room helps educators focus on positive interactions with children. Display cupboards allow teachers to easily access storage without leaving the room, and the lockable doors are ideal for safely storing medication or report records. The central display area is perfect for learning provocations, with additional storage below for children's resources. Display cupboards transform cluttered, chaotic spaces into organised, purposeful environments that enhance the well-being of both children and staff.

Cloakroom furniture

Our space-saving cubbies will transform your entry into a welcoming, clutter-free zone. A well-designed cloakroom creates a tidy, inviting area that gives children a sense of ownership.

Ring us at 0800 387 457 for tips on how to get started

Wall-mounted coat storage

Wall-mounted storage is the most compact cloakroom solution, and ideal for children of all ages. Find the right combination of shelves, cubbies and benches for your area. See page 49.

Free-standing coat storage

If wall fixing isn't an option, these are the solution. Free-standing units can also be placed against the wall, or back to back as an island. See page 51.

Mobile coat storage

Cloakroom on wheels: roll out storage with a place for everything. See pages 51–53.

Welly storage

Clean and tidy storage for muddy boots. See page 53.

8 Deep totes (F890)

Wall-mounted storage
Extra clothing, PE kit, or bike helmets stow neatly in Deep totes.

Labels are simple for teachers to update, and there's room for a photo too.

Wall cubbies 8 (A314)

Clear pockets hold parent-teacher communication or artwork in a safe space.

Low bench (A307)

Easy to clean
Water or dirt falls through plastic grates in benches. Slide a broom or mop underneath to clear it away.

This Wall-mounted storage shelf adds extra space above the cubbies – exactly where teachers and parents find it most useful.

Promote independence with child-accessible cubbies and hooks. Personalise lockers with a name and photo.

Find a shelf, cubby, and bench combination to fit your setting. Use the chart below to fasten the cubbies at the age-appropriate height.

Mount a shelf above your cubbies for parent and teacher-accessible storage. Wall-mounted storage shelves hold Deep totes to keep everything tidy and organised; see options on page 82.

Low benches offer both seating and shoe storage, fitting footwear up to 14 cm in height. For welly storage options, see page 53.

Coat storage unit 6 (A326) x2

Clear pockets hold parent-teacher communication or artwork in a safe space.

Labels are simple for teachers to update, and there's room for a photo too.

Easy to clean

Water or dirt falls through plastic grates at the bottom. Slide a broom or mop underneath to clear it away.

Gap behind bench allows coats to hang down, leaving space to sit comfortably.

Coat storage trolley (A300)

Castors enable easy movement and can be locked in place.

Children can put away shoes and coats independently in this easy-to-access Coat storage unit.

The Coat storage trolley fits into any available space – roll it out when you need it!

Free-standing units

Use these all-in-one units for storage that children can access easily. Create free standing units by fitting two stabiliser feet to the back.

Place against a wall, back-to-back, or use stabiliser feet A297 (purchased separately). Coat hooks are 93 cm off the floor.

Mobile coat storage

Wheel it to where it's needed and store it where convenient. This trolley is designed to hold 12 children's belongings (6 per side). Used in combination with the Mobile welly storage, you'll have a complete cloakroom on wheels.

Coat pegs are 80 cm off the floor.

Coat storage trolley
A300 £990
For 12 children
One coat peg per child

The Coat storage trolley rolls right to the door, keeping the mess out of your room.

Footprints show children where to place their wellies.

Offset shelves save space and drain away water without dripping on other wellies.

Mobile welly storage (A302)

Upright, of course!

Children instantly understand where and how to put their wellies away. No need to touch muddy soles.

Castors enable easy movement and can be locked in place.

Tight on space? The double-sided Mobile welly storage holds 48 pairs of children's wellies for a neatly compact solution.

Encourage independence. Matching their wellies to the footprints turns the chore of tidying away footwear into a puzzle that children can solve all on their own.

Welly storage

ECERS 2: 7.1, 5.1 ITERS 2: 7.1, 5.1

Tidy and welcoming, this space-saving welly storage keeps your setting organised. Children can put away their footwear independently, and there's an individual space for everyone.

The double-sided Mobile welly storage can be rolled right to your entrance. Choose the wall-mounted version to bring order to cramped cloakrooms or narrow corridors.

For indoor use only.

Shelf backs

Shelves with display board backs allow for creativity with optional back covers.

Translucent back shelves let in light and improve supervision.

Open back shelves allow access from both sides, and give a spacious feel.

Shelf back covers

Use a cover on any shelf with a display board back. Choose from three options: the mirror cover is perfect for a toddler's self-discovery phase, the clear cover protects artwork, and the chalkboard cover creates a mini mark-making station. Covers are cleanable, attach with Velcro, and allow you to use both sides of the shelf.

Mobility is built in! Just flip up the trim and roll to a new location.

Flip the trim back down again for a perfectly stationary shelf.

Shelves and panels connect using sturdy posts – no tools needed.

Roomscapes panels

ECERS 4: 5.3 ITERS 4: 7.3, 5.3

Bamboo panels define spaces with warm, natural tones. **Clear panels** enhance interaction and supervision. **Translucent and Rice grass panels** can form cosy spaces while still letting light through. **Display board panels** create a solid divider and provide display – note the cover options! Panel covers attach with Velcro. Combine panels with shelves to creatively divide your room. See page 85 for guidelines.

Roomscapes wave & curved panels

ECERS 4: 5.3, 5.2

Wave panels provide an eye-catching way to change the height of your Roomscapes partition. Children naturally gravitate to curves, which are more welcoming than hard corners and right angles. Translucent and Rice grass panels create elegant niches while letting in plenty of light and maintaining easy supervision.

Roomscapes gates

ECERS 5: 7.4, 5.1
ITERS 2: 7.3; 4: 5.3; 20: 5.1

Roomscapes gates allow you to enclose areas of your classroom or secure a hallway easily. Combine the gates with Roomscapes shelving or panels to create safe classroom spaces with controlled access. The double action latch opens easily in adult grasp but resists little fingers. Gate swings in or out, and pushes shut.

Adjustable gates expand to the desired width, spanning a gap of any size from 100 to 172 cm.

Roomscapes accessories

Add interest and a finishing touch to your Roomscapes environment. Branches connect to Roomscapes panels, allowing you to incorporate fabric into activity areas. The Canopy attaches to any 61 x 124 cm Roomscapes shelf, sparking children's creativity and endless ideas for play.

Velcro spots keep the Flowie on the Branch.

The Canopy removes without tools and stores flat.

Flowies are transparent pieces of cloth netting.

Using Roomscapes

A quick guide to planning your Roomscapes order.

Overwhelmed? Ask about our free room layout service: 0800 387 457

1. Measure your space

For a room divider, measure the span to the nearest centimetre. If planning an entire room, you will need a floor plan with a full set of dimensions. This should include doors, windows and built-in features.

2. Know your goals

- How old are your children?
- What about storage?
- How accessible should the area be?

3. Choose your items

See individual pages for dimensions of products.

Shelves double as boundaries and display when used in a divider. See page 59

Panels provide a simple divider in various heights. See page 70

Gates and Entries allow or restrict access to a space. See page 77

4. Put it all together

Roomscapes shelves and panels connect without tools, using sturdy posts.

Posts connect Roomscapes products. See page 80

Wall adapters attach posts to a wall. See page 80

Panel stabilisers support a line of panels. See page 80

Adjustable panels close odd gaps in a divider. See page 70

Fillers close the gap between two shelves. See page 80

Each shelf and panel has couplings on the sides where posts attach.

Posts slide onto the couplings. No tools needed!

Shelves and panels can connect at any angle.

How to make safe and stable Roomscapes connections

Along with the ability to define your own space comes the responsibility to set up safe configurations. Because of the almost limitless options of the Roomscapes system, common sense is always needed to ensure that your setup is safe. Here are some essential guidelines to follow when connecting your Roomscapes items. Please follow them, as well as any warnings or cautions for specific items throughout this guide.

Posts

Always match post height to the highest piece it connects.

If you place panels on top of shelves or other panels to make a higher divider, the combined height should not exceed 122 cm.

Panels and Arches

Never connect more than two panels in a row without stabilising them in one of the following ways:

Add a shelf.

Create an angle in the line of panels.

Use a pair of Wings (for plastic posts) or a Panel stabiliser of the correct height.

Attach to a wall

- Panels must always be attached at both ends. (See illustrations above.)
- Never exceed 122 cm in height.
- Never end a straight line of panels with a single Corner shelf.
- A 61 or 81 cm high Corner shelf connected to a Teacher arch or Roomscapes entry must also connect to another panel, shelf, or wall adapter.
- DO NOT support 102 or 122 cm high panels (the tallest) with 41 cm high shelves (the lowest).
- A 41 cm shelf with a panel stacked on top must be supported by other shelves or panels.
- Do not use two corner shelves to stabilise a straight line of panels.

Roomscapes Gates

Gates need extra support to be stable and safe.

Supporting posts must be at least 81 cm high.

Attached shelves or panels must be at least 61 cm high.

A 61 or 81 cm high Corner shelf connected to a Roomscapes gate or compact gate must also connect to another panel, shelf, or wall adapter.

Panels must connect at an angle to the Gate.*

63 cm long shelves must connect at an angle to the Gate.*

*Exception: the Roomscapes gate and compact gate may connect in a straight line with a panel or 63 cm shelf, but only if the hinge side is connected to a 94 cm shelf (or longer), to a wall, or to angled panels.

Nursery sofa

ECERS 2: 7.2, 5.4 ITERS 2: 7.1, 5.3

Safe, durable and stylishly comfortable, this snuggler sofa is a welcome addition to any childcare setting. It's an inviting retreat for co-regulation, and a secure spot where staff can connect with key children. Our sofa provides a warm, homelike space for feeding a baby, reading a story, or just having a cosy chat.

With all its comfort, it's practical too! The cushions detach for cleaning, and soapy water gets rid of pencil, ink, and even permanent marker from the upholstery. Two staff can move this sturdy sofa to wherever it's needed next.

Nursery gyms

ITERS 16: 7.3, 5.3

Nursery gyms are a fun zone for toddlers, scrambling, crawling and cruising from one activity to the next. The interchangeable panels offer stimulating visual and tactile experiences. Carpeted platforms, safety railings and removable gates create a safe environment for active play.

Choose the set and configuration that best fits your space. All Nursery gyms are assembled with modular parts and a tool-free connecting system.

For ages 6 to 36 months.
Use only under direct adult supervision.

Seating and table height guidelines

Determine the best seating for your setting according to our recommendations below.

First, look for the age of children you provide for on the chart, then select the corresponding seating option most appropriate for this age-group. Be sure to consider your unique mix of children, as well as the activities the seating will support.

Woodcrest chairs and Stacking stools have a size mark under the seat. Match this number to the corresponding number on the table legs to get the correct seat to table height.

Children's ages	Chair	Stacking stool	Seat height	Size mark	Table height	Adjustable leg size

Height ranges for MultiTable legs

Adjustable legs (Legs adjust in 2.5 cm increments)

Solid legs

Size mark
A size mark is stamped on the underside of Stacking stools and Woodcrest chairs, and printed on the ID label.

Adjustable leg size mark
Pull out the telescoping leg until correct number shows directly below the gold ring.

Solid leg size mark
On a solid leg, the size mark can be found at the top of the leg where it attaches to the table.

MultiTables

Table top options

Modular table shapes allow you to configure your room for many different use cases: solo work, small teams, round table discussions, or a classroom debate. See options on page 146.

Adjustable leg options

Choose from three heights of adjustable table legs to keep pace with growing children of various ages. Table legs click out telescopically to give you maximum flex-stability.

Solid wood leg options

Choose from nine heights of solid wooden legs for a sturdy table with a natural look.

Role play tables: See page 209

Outdoor tables: See pages 25–27

Activity tray-tables: See page 149

56 x 76 cm MultiTable with high adjustable legs (D214)

To adjust table height, just push the yellow ring down and slide the leg in or out.

Easy-to-clean laminate is waterproofed with laser-bonded edging to keep moisture out.

Soft tips on table legs help keep the noise down.

Set the correct table height. Match the number on the chair bottom to the corresponding number stamped on the table leg. Find height recommendations per age on page 141.

Save floor space by moving tables to the side of the room and stacking them in a fan pattern. For more permanent and compact storage, legs unscrew and clip into the leg holder.

To support developing motor control, slightly tilt a table by shortening the adjustable legs on one side.

MultiTables

This versatile system of tables is solid and dependable to support the important work of playing and learning. With a wide range of shapes and sizes it's easy to customise your tables to fit different ages, groups, and activities.

MultiTables are lightweight and modular so you can move, stack, and store them easily. Adjustable legs allow staff to change the table height quickly – no tools needed. Or choose the solid leg option for a sturdy table with a natural look.

Tables come in four different shapes; each one with a variety of sizes. Find all options and prices on the next page.

Seating

Looking at seating options for your classroom? Sitting surfaces need to be appropriate for the age of the child and the activities they support. We offer a wide range of seating options for both children and teachers. Choose the most comfortable, functional seating for your classroom or nursery setting.

Stacking stools

Children need every opportunity to move and build core strength; Stacking stools encourage this movement and allow for more dynamic posture. Stacking stools are versatile for seating and play. Available in six sizes. See page 155.

Woodcrest chairs

Robust, beautiful seating for preschool children to adults. Available in seven sizes. Don't miss the Teacher low chair – it's the one with a handhold! See page 153.

Childshape chairs

Solid chairs with armrests, designed for twos and threes who need extra support. Available in two sizes. See page 157.

Mealtime chairs

Babies and toddlers need supportive, cleanable seating as they master their eating skills. Available in two sizes, with optional feeding tray. See page 119.

Me-do-it chairs

Low and wide-based, Me-do-its are just right for toddlers. Available in two sizes. See page 117.

More seating

See Nursery sofa on page 109, Child's sofa and armchair on page 207, and Outlast benches and seats on pages 25–27.

43 cm Woodcrest chair (J716)

Shaped for comfort

The backrest “circle” eliminates pressure on the lower spine. Edges and corners are rounded.

Stable seating

The wide-based design makes the chair stable without having the legs protrude.

Children sit comfortably on this contoured chair. The waterfall front encourages circulation.

Rubber tips are non-marking, non-slip, and help keep the noise down.

Light enough for children to carry.

Stackable: Five chairs high.

Woodcrest chairs

ECERS 2: 7.1, 5.2, 5.1 ITERS 2: 7.4, 7.2

The lightweight Woodcrest chairs are made of formed beech. The graceful one-piece design is easy to clean, with no joints to work loose. Woodcrest chairs are ultra-stable and sturdy. They stack up to five chairs high.

Stacking stools

ECERS 2: 7.1, 5.2, 5.1 ITERS 2: 7.4, 7.2, 7.1

Stacking stools provide durable, versatile seating for children. Stools allow for more dynamic posture; because of the flat seat, children can find the seating position that is most comfortable for them. Stacking stools accommodate the size range of an age group better than chairs, and stack easily for compact storage. Most appropriate for ages three and up.

Stacking stools accommodate individual seating preferences and provide opportunities for children to build core strength through movement.

The stable wooden frame invites babies to explore, and little feet fit under the pan!

Bring it down to baby level. The Low sensory table lets them discover new textures and explore sensory materials.

Sort, post and transport – toddlers can access the angled compartments on the storage shelf, and even little crawlers can rummage through the bottom bins.

Front view

Seven Quarter totes along the top encourage shopping around for craft items. Deep and Shallow totes provide plenty of space for larger items.

Eight green cups hold artists' tools.

Handy dowel keeps craft ribbon and tape tidy.

ECERS 20:7.2, 7.1, 5.1 ITERS 17:7.2, 7.1

If you share classroom space with other programmes or simply don't have room for an art centre, consider this creative station on wheels. It can travel wherever it's needed, carrying everything young artists will use. With generous storage space and totes for every possible craft material, this trolley makes up for the three or four pieces of furniture you wish you had room for.

Low art island, 71 cm wide (H500)

Wooden handholds are a convenient place for hanging aprons and assist children who need extra support.

Adjustable shelf is convenient for paper storage or optional totes. Totes also fit between the A-frame whiteboards.

Flip the whiteboard over and it becomes a chalkboard. Children can attach their own paper on either side using the extra-strong magnets.

Paint trays catch the drips and remove easily for clean-up.

Up to roll. Down to stay. Just flip up the wheels, roll it where you want, then flip them down for a perfectly stationary unit.

With quick-release latches, Art Islands instantly convert to Floor easels. Now the painting surface is accessible to toddlers!

Block family

Blocks are teachers, not just toys. Block play offers a vast range of experiences, enriching every area of the curriculum and supporting child development.

For over 100 years educators have been promoting the use of blocks in early childhood classrooms as a powerful learning tool. Because modular blocks are so versatile, they offer endless opportunities for a child's imagination to soar while discovering basic math and science principles, practicing problem-solving techniques and social skills, and building a solid foundation for future education.

Tool-free latches and convenient handholds make reconfiguring your home corner set simple.

Home corner furniture

ECERS 24:5.3, 5.4 ITERS 20:5.2, 5.4

Just like home. With dials and taps that turn, doors that open, raised burners, and the natural warmth of wood, our home corner furniture creates a child-size world of work and play. Modular to each other and to Roomscapes shelving, you can arrange the units in any way you choose. The drawer unit can be used to raise any home corner unit for older children. Slip a kitchen bowl into the sink unit to add water.

Home corner sets

ECERS 24:5.3, 5.4 ITERS 20:5.2, 5.4

Home is where the heart is. This area holds a timeless charm that will enchant little home-bodies, and its significance cannot be overstated. It need not be a corner – create a shared space anywhere in your room where children can gather, share thoughts, express feelings, and belong. Choose from our preconfigured sets for an easy way to start. These modular units allow for arranging, changing, and adding to your collection over time.

Create a kitchen island. Place three Home corner units against a D372 MultiTable to encourage collaboration and create opportunities for enriched language. For older children, extend the table legs and stack the Home corner units on drawers.

Complete home corner

C555 £3,020

For ages 3–5.

Everything including the kitchen sink! Make your home corner the family hub, with a kitchen living room style layout. Enjoy puppet theatre entertainment and popcorn while the washing gets done on the side.

This popular combination of home corner favourites provides many role play opportunities. A shop on High street one day becomes a science laboratory the next, but there's always lots of work getting done. For older children, purchase two additional drawers to raise sink and cooker height.

Kitchenette

C525 £1,055

For ages 2–5.
Cook a five star meal in a mini-kitchen. The two drawer units in this compact kitchen make it adaptable for a wide range of children.

Toddler collection

C530 £1,195

For ages 1–3.
Create a space your toddlers love exploring, with turning dials, shiny mirrors and posting holes. Pinch-free and sturdy, this child-friendly area is a worry-free world of discovery.

Starter home corner

C538 £710

Compact dress-up unit (C715)

Done for the day, or just ready for a change of scenery? Flip up the trim, roll to a new location, and flip it down to lock in place.

The dress-up box is a cosy space to climb into, and even the youngest toddlers can help at clean-up time.

Drama centres

ECERS 24:5.4 ITERS 2:7.3, 5.3; 20:5.3

Role play, dramatic play, imaginative play – everyone agrees it's essential. It starts with a dress-up unit with lots of storage space. Click the arches into place, toss a Flowie over them, and you have an instant stage or cosy space. Made of transparent netting, the Flowie will give children a sense of being in their own world while you can still supervise.

The compact drama centre saves on space and serves younger children. Instead of trays for storage, we provided a dress-up box.

Grand PlayFrame (V885)

Lightweight:
Change the configuration
to vary children's play.

Attach a ladder, slide
or bridge at any level.

Children's play is very physical, involving lots of action and testing of their abilities. It's thrilling for a child to realise "Yes, I can do this!"

The PlayFrame allows staff to gradually raise the level of challenge as children's skills and confidence grow.

PlayFrame

ECERS 8: 7.1, 7.2, 5.2; 24: 7.3;

Children learn best through movement and play. Play builds social skills such as negotiating, discussing plans and sharing resources. The PlayFrame supports a wide variety of active and imaginative play, and provides a fun and developmentally appropriate space for preschool children to develop gross motor skills. The PlayFrame's versatility means children never tire of it, as with a fixed structure.

Bridge PlayFrame V875 £1,855
Includes square, bridge, slide, 2 perches and 2 platforms

Soft surfacing required. Use Set of 8 mats V808. Other surfaces such as rubber safety surfacing may comply.

Grand PlayFrame V885 £3,235

Classic PlayFrame (V865)

Connectors are childproof, but teachers can easily take the PlayFrame apart.

All adjustments are tool-free.

Adjust platforms to respond to children’s abilities and imaginations.

In real life a child may feel vulnerable but in play she’s big and strong, driving trucks and putting out fires!

PlayFrame

ECERS 8: 7.1, 7.2, 5.2; 24:7.3

Ladders and slides can be attached at any level to provide age-appropriate risk. Climbing ladders at low angles requires different skills from climbing steep ladders. Children’s development can be documented as they learn to manage the challenge of using ladders at varying heights. Platforms can be easily reconfigured for new play opportunities.

Free room layout service

Choosing furniture and budgeting for a new space can be overwhelming. Our free Room layout service takes some of the stress off you and your staff. Send us your floor plans and budget, and our designers will send you a custom layout that fits your unique requirements. To help visualise your furnished space, we'll send you a 3D rendering and a 2D layout with furniture and activity areas labelled.

1.

Tell us about your project

We will send you a questionnaire followed by a phone call to discuss your plans, requirements and deadlines.

2.

We do the work

With the information you send we will create a 2D and 3D design of your space including a cost estimate. All free of charge and within two weeks.

3.

Delivery

All furniture will deliver fully assembled within two weeks. Better yet, the boxes will be marked to correspond with your plan. Ask your account manager regarding our set up and packaging removal service.

Customer service

Here are some extras you'll enjoy when you choose Community Playthings.

Free two-week delivery We guarantee two-week delivery on all our products, but most orders are dispatched sooner. We hold substantial stocks of finished goods so that even large orders can ship quickly. Delivery is always free; no minimum order.

Leasing/Financing You can pay in monthly instalments. The value of your order can easily be converted to an affordable monthly rental, usually over 3 to 5 years. No deposit is necessary and your lease rental is both fixed and tax allowable. Please note that all finance is subject to status. For more information and a leasing calculator, contact your account manager.

Replacement parts Replacement parts are available through customer service, often at no cost. We recommend a regular programme of maintenance. Refer to the specific product guide for maintenance suggestions.

Free training resources We offer a range of booklets and videos for staff development. We hope these tools will support and inspire anyone privileged to work with young children. Request our free training resources at communityplaythings.co.uk/training

15-year warranty We promise you fifteen years of service, day in and day out, on every component of our line. The terms and conditions are available on request, or at communityplaythings.co.uk/FAQ

Actually, it's no secret that Community Playthings products last a lot longer than 15 years: this truck is at least 50 years old and still rolling! How do we know? In 1964 we changed our logo, so the old one branded on this truck means it was made before then. We found it in a nursery where the children still use it daily.

Safe for the earth

Our environmental commitment is as solid as our furniture. From product design to manufacturing and delivering your order, we're always on the lookout for the greenest way.

Stewardship of resources

Our furniture is made with wood from well-managed, FSC® certified forests and other controlled sources. The Forest Stewardship Council® (FSC) is an independent non-profit organisation promoting environmentally appropriate and socially beneficial management of the world's forests.

Clean air outdoors We take measures to safeguard the environment for the benefit of present and future generations. We are certified to ISO 14001, a standard that helps organisations continually improve environmental performance through more efficient use of resources, reduction of waste, and minimisation of other environmental impacts.

Clean air indoors To provide the healthiest environment for children, Community Playthings works with Eurofins to evaluate our products against the most stringent indoor air quality standards in Europe. Our furniture achieved Indoor Air Comfort Gold certification, which incorporates legal requirements and voluntary standards for indoor emissions.

Sustainable With all our products designed and built in-house, Community Playthings offers an industry-leading sustainability profile. We are full members of the Furniture Industry Sustainability Programme (FISP), which promotes best practises to drive social, economic and environmental change.

Local care and craftsmanship

All products are designed and made in our workshops in Kent and East Sussex. We use local suppliers where possible. Goods are shipped directly from our warehouse in Kent, reducing our carbon footprint.

Longer lifespan The ultimate environmental standard? The test of time. Quality products that last for decades don't clog landfills or require a lot of resources to fix or replace. Our durably made furniture and play equipment will be around for generations to come.

Safe for children

Children are particularly vulnerable to harmful chemicals in their environment. We are committed to eliminating all hazardous materials, known or suspected, from our products.

Indoor air quality Children are particularly vulnerable to harmful chemicals in the air. Many of these are volatile organic compounds (VOCs) from paint, varnish, air fresheners, building products, and cleaning agents. These chemicals have been linked to serious long-term health consequences including asthma and allergies. Since our products are PVC-free and use low-emitting finishes, they have achieved Indoor Air Comfort Gold certification, which incorporates legal requirements and voluntary standards for indoor emissions.

Healthy and safe materials Science has discovered chemicals in our everyday environment that may compromise health. Most are created by industrial processes and are used in plastic and other common products. Some, such as Bisphenol A (BPA), disrupt the endocrine system. Tiny amounts can have outsized effects by mimicking hormones.¹ Phthalate plasticisers in polyvinyl chloride (PVC) are linked to modern ills like obesity, diabetes, or early puberty and are particularly ubiquitous in the modern manufactured environment. (Production of PVC itself is hard on the environment.) We are glad to reassure you our products are polycarbonate- and PVC-free. That means no BPA and no phthalates. Our acetylated outdoor products are free of metal compounds, pesticides, and other chemicals commonly used to treat timber. The only by-product of acetylation is acetic acid (vinegar). Our cot mattresses are made of coir (coconut husk fibre) and wool, and are free of all chemical flame retardants, while still passing flammability standards. We will allow no known hazards in our products, but only greener, healthier materials for your children.

Product maintenance

Community Playthings products are worth caring for. You already know that our products last for decades. We recommend a regular maintenance programme for keeping Community Playthings products strong and beautiful. Refer to your product guide for more maintenance suggestions. Replacement parts are available through customer service, often at no cost.

We’ve given you a customer service representative who understands your needs and can help you with questions about our products.

Indoor products

Unfinished wood Use a mild detergent and water. Scrub with a stiff brush, working quickly to avoid soaking the wood. Wipe off excess water and allow to dry thoroughly.

Finished wood Wipe with a damp cloth and mild detergent. Do not use excessive water. To refinish, lightly sand the entire surface. Any remaining finish need not be removed. Then, following the manufacturer’s instructions, apply one or two coats of child-safe varnish, using a brand you trust.

Carpet cleaning Our carpets are made of stain-resistant nylon fibre. Vacuum carpets frequently. To wash, lift a corner of the carpet to remove, shampoo with carpet cleaner and allow to dry before replacing it. For stubborn stains, refer to your product guide.

Disinfecting Use any standard disinfectant such as a bleach-based solution or virucidal disinfectant. All products should be rinsed with plain water and dried after any cleaning agent is used.

Terms Prices in this catalogue are effective 1 January 2025 and are subject to change without notice. If prices change appreciably we will advise you before dispatch. All prices are exclusive of VAT. VAT Registration Number GB 680 1077 50. Local authorities in the United Kingdom are able to reclaim VAT ensuring that capitation allowances are not charged with VAT, although we must include it in our invoice. To improve our products, we reserve the right to alter design or materials without prior notice. Although durability and safety are prime concerns in the design of our items, Community Playthings products are used by young children of immature judgement and are not intended for unsupervised use. The buyer assumes all risk of injury or applicability to a particular use.

Outdoor products

Community Playthings Outlast items are resistant to wood-decaying fungi and moulds. Weathering and mildew growth have no negative effect on the structural integrity, but the wood may eventually fade and turn grey from exposure to the sun’s UV rays. If you prefer the original look, follow the instructions below to re-stain your items. Contact customer service to request a free bottle of Outlast refinishing stain.

- 1. Scrub item with soapy water to remove dirt or mildew. Allow to dry completely before applying stain.
- 2. Apply stain liberally to wooden parts. (If you get some on the plastic parts, don’t worry, just be sure to wipe it off with a damp cloth before the stain dries.)
- 3. Allow stain to dry for a few minutes before removing extra drips with a dry paper towel. Stain will be dry to the touch in a couple of hours, but it’s best to let the stain dry overnight before continuing to use your item.

Please examine your goods on arrival. In the event of damage or loss, telephone Community Playthings the same day. A product guide comes with each Community Playthings product. This important document makes recommendations for use and details specific limitations which must be observed. Please look for it when your boxes arrive. You can download product guides from our website. All goods offered subject to availability. Credit on returns: if you wish to return a Community Playthings product, please call us within 30 days of receiving it for return instructions. We will arrange all the details and pay for the return shipment. You are responsible for repackaging the item. Please hold on to your carton and packaging materials until you are certain that your order fulfils your needs. There will be a 10% restocking charge. No unauthorised returns are accepted.
