Accessories

G483 Deep basket or a F890 Deep tote are ideal for storage.

Cleaning

If your blocks become dirty, you may want to wash them. If so, use a minimum of soap and water. Too much water may cause warping or rotting.

If washing doesn't remove enough dirt from your blocks, try lightly sanding them. Blocks won't stack well if heavily sanded.

Construction

Mini unit blocks have rounded corners and are manufactured from solid beech. The roof boards are manufactured from solid birch.

User modifications

We cannot be responsible for modifications made by customers to our products in the field without our supervision, testing, or evaluation.
