

Product guide

G28 Wall mounted shelf

IMPORTANT

Save these instructions for reference

Recommended use

The Wall-mounted shelf provides accessible storage.

⚠ WARNING

▲ The shelf and mirror must be properly mounted before use. It is the customer's responsibility that it will be secure.

⚠ CAUTION

▲ For indoor use only.

G28 contains a Wall-mounted shelf and a carton containing seven shelf dividers, a packet of ten label holders and labels, and a dowel for the roll dispenser.

G282 contains a mirror and a bag containing the mounting hardware.

Installation

Installation of your Wall-mounted shelf should be done by a competent carpenter or maintenance person. Use fasteners to suit the wall construction, with at least one fastener near each end of the cleat. Predrill the cleat at these locations. The fasteners must support the weight of the fully loaded shelf.

To attach the Accessory mirror to a G28 Wall-mounted shelf, drive two screws into the pre-drilled holes on the underside of the second shelf as shown. Use the screws provided.

To mount the mirror on a wall or older model shelving, mark the hole positions and pre-drill them using a 3 mm drillbit. Attach the mirror securely to a wall or shelf with fasteners appropriate to the wall or shelf construction.

Operation

To install or remove shelf dividers, lift the divider against top of upper groove, then swing bottom of divider to the side.

This shelf contains a built-in dispenser which can dispense roll materials such as paper towels. It will accommodate a roll up to 28cm wide by 20cm in diameter. If you do not want the dispenser function, simply remove the dowel and use the space as a shelf.

Maintenance

Periodically inspect for cracks, breaks, loose parts, missing parts, and/or malfunctions. Remove the product from service if any condition develops that might make operation unsafe.

Construction

The shelf is solid birch protected with a child-safe finish. The dividers are birch plywood. The mirror is shatterproof, scratch resistant plastic mounted on solid birch.

Cleaning

Wipe the shelves with a damp cloth and mild detergent. Dry immediately. Leaving water or cleaning agent on the surface may damage the finish.

User modifications

We cannot be responsible for modifications made by customers to our products in the field without our supervision, testing, or evaluation.

Ordering parts

To order replacement parts, contact customer service with a description of the part(s) needed and the ID code from the product.

Use only replacement parts supplied by Community Playthings.

All of our packaging is recyclable (cardboard and LDPE). Please recycle in accordance with local guidelines.
