

Installation instructions

A303, A333, A304 Wall-mounted Storage Shelf
A341 Wall-mounted Corner Shelf

Installation

A **competent carpenter or maintenance person** should install your Wall-mounted Storage Shelf.

1. Attach the Wall-mounted Storage Shelf or Corner Shelf to the wall with at least four fasteners as shown in the image below. Always install the Corner Shelf first (if included in your order). Use fasteners that are suitable for the wall construction and the weight of the fully loaded item (fasteners are not included in the delivery).
2. Holes should be pre-drilled through the back of the shelf for the fasteners to pass through.
3. Once you have finished, make sure that the fixings safely support the weight of the fully loaded shelf.

⚠ WARNING

The Wall-mounted Storage Shelf must be properly mounted to a wall before use.
It is the customer's responsibility to ensure that the item is securely attached.
