*Children come first*

## Who we are

Because we design and create furniture with our own children in mind, quality and beauty come naturally. Our products are crafted by men and women who belong to a Christian community and believe children deserve the best.

The exceptional work you do alongside our high-quality equipment creates an environment where childhood comes alive.

## Quality craftsmanship & design

Children need play equipment that is safe, simple, natural and beautiful. Our furniture is modular and adaptable, enabling your environment to be changed and developed.

All products are made in our workshops in East Sussex and Kent; their solid wood construction and robust joinery make for furniture and play equipment that lasts decades.

Input from educators and leaders like you has guided our product design for over 70 years. You'll find our products give staff an environment that is an extremely effective "third teacher."

## Customer service

From product support to ordering and delivery, you have a UK-based account manager ready to answer any question you may have. Be sure to ask about our complimentary room layout service.

We provide free 2-week delivery anywhere in the UK, and all products come with a 15-year warranty. Our products come fully assembled and ready to use.

## Safety & sustainability

We believe equipment for children should be durable and made in a way that preserves the world they will inherit. Crafted with children's health and safety as top priority, our products are free of any elements that are harmful for children or the environment. The wood we use is chain-of-custody certified and sustainably grown.

# Outlast

There's no better place for play and learning than the great outdoors! Extending your curriculum outside connects children with the natural environment on a daily basis. Extremely durable, weatherproof, and aesthetically pleasing, Outlast products will transform your outdoor space.

## Weatherproof

Is it possible? Yes! Outlast products are made of acetylated wood, which has been proven to last for several decades in direct contact with the ground. Outlast will not warp, shrink, twist, or rot and does not need covered storage, whatever the weather.

## Non-toxic

Acetylation is a treatment process that modifies wood at the molecular level, rendering it rot resistant without using any toxic substances. It's child-safe and environmentally friendly. "Safe enough to eat" is no exaggeration.

## Durable

To complement the weatherproof wood, Outlast products are fastened with stainless steel hardware and UV-resistant rubber. Outlast is backed by our standard 15-year warranty.

The mark of responsible forestry  
FSC® C006924

## Sustainable

Outlast is made with wood from well-managed, FSC® certified forests and other controlled sources.

## Ultimate play value

Loose parts empower creativity and offer unlimited opportunities for problem solving, cooperative play and a whole lot of fun, rain or shine.

## Easy care

Acetylated wood may eventually weather to a natural grey. Mud scrubs off with water and any standard detergent.

Child-friendly blocks are rugged, with no sharp edges or toxins. The child-sized handholds make carrying easy.

**Blocks and ramps are compatible.** Their innovative interlocking feature facilitates the creation of sturdy structures on uneven ground.

Outlast blocks are robust and develop gross motor skills.

**Excellent play value.** There's nothing like loose parts to encourage constructive play.

**Interlocking** blocks and planks make it possible to build and play on uneven ground.

# Outlast block sets

ECERS 8: 7.2, 7.1, 5.2, 5.1

Outlast encourages imaginative play, child-directed discovery and learning in the great outdoors. Interlocking blocks and planks form the basis of this innovative constructive play system.

Reinforced with UV-resistant rubber corners and stainless steel hardware, Outlast blocks earn their 15-year warranty.

Toddlers also need a retreat from constant activity. Turn a platform over to create a bin for loose parts play or a cosy nest for sitting in.

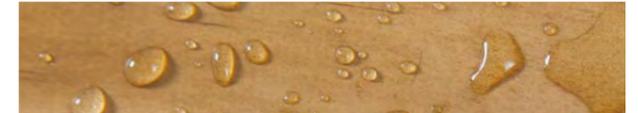

# Toddler platforms

ITERS 16: 7.3

The innovative Toddler platforms are versatile and modular so teachers can create structures that invite exploration and active play. Platforms reconfigure easily to meet children's constantly expanding capabilities.

Durably constructed with weatherproof wood, these platforms will never rot.

**Weatherproof Wood?** See p. 7 to find out more.

# Cloakroom furniture

Our space-saving cubbies will transform your entry into a welcoming and clutter-free zone. A well-designed cloakroom gives children an organised, inviting place of their own.

**Ring us at 0800 387 457 for tips on how to get started.**

## Cubbies and benches

Wall-mounted storage is the most compact cloakroom solution, and ideal for children of all ages. Find the right combination of shelves, cubbies and benches for your area. See page 45.

## Coat storage units

When fixing to the wall is a problem, these units are the solution. Use as an island with two back to back, or place them against the wall. See page 47.

## Mobile Units

Cloakroom on wheels. Roll out the storage with a space for everything. See pages 49–51.

Wall-mounted welly storage (A301)

Footprints show children where to place their wellies.

Offset shelves save space and drain away water without dripping on other wellies.

Mobile welly storage (A302)

**Upright, of course!**

Children will instantly understand where and how to put their wellies away – and there's no need to touch muddy soles.

Castors enable easy movement and can be locked in place.

**Tight on space?** The double-sided Mobile welly storage holds 48 pairs of children's wellies for a neatly compact solution.

**Encourage independence.** Matching their wellies to the footprints turns the chore of tidying away footwear into a puzzle that children can solve all on their own.

# Welly storage

ECERS 2: 7.1, 5.1 ITERS 2: 7.1, 5.1

Here's space-saving welly storage that will keep your setting tidy and welcoming. Children can put away their footwear independently, and there's an individual space for everyone.

## Shelf backs

Shelves with display board backs allow for creativity with optional back covers.

Translucent back shelves let in light and improve supervision.

Open back shelves allow access from both sides, and give a spacious feel.

## Shelf back covers

Use a cover on any shelf with a display board back. Choose from three options: the mirror cover is perfect for a toddler's self-discovery phase, the clear cover protects artwork, and the chalkboard cover creates a mini mark-making station. Covers are cleanable, attach with Velcro, and allow you to use both sides of the shelf.

**Mobility is built in!** Just flip up the trim and roll to a new location.

Flip the trim back down again for a perfectly stationary shelf.

Shelves and panels connect using sturdy posts – no tools needed.

# Roomscapes wave & curved panels

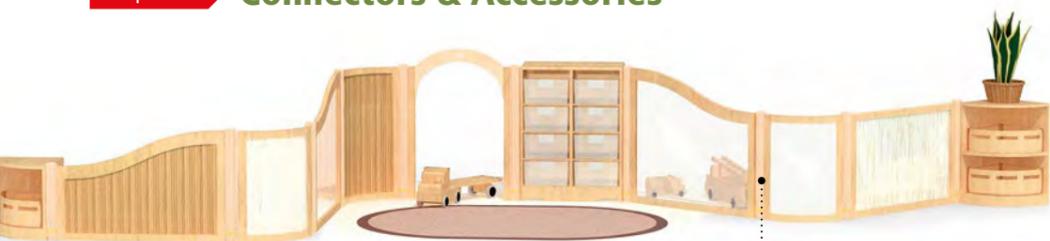

ECERS 4: 5.3, 5.2  
ITERS 4: 7.3, 5.3

Wave panels provide an eye-catching way to change the height of your Roomscapes partition. Children naturally gravitate to curves, which are more welcoming than hard corners and right angles. Translucent and Rice grass panels create elegant niches while letting in plenty of light and maintaining easy supervision.

# Roomscapes gates and arches

ECERS 14: 7.1; 1: 5.3  
ITERS 4: 7.3, 5.3; 3: 7.2, 5.2

Gates and arches communicate boundaries and pathways. These gates feature a latch that adults can open with one hand, but that is secure for children up to 24 months. They conform to EN 1930:2011 Safety Barriers. Roomscapes gates open both ways with a full 360° rotation to give you complete flexibility.

# Roomscapes Classic posts & accessories

Branches, Canopies, Roomscapes wings connect to the Roomscapes Classic post. Use a Cover on any Display board panel, or shelf with a display board back.

**Flowies** are transparent pieces of cloth netting. Drape them over branches or furniture. Watch any table become a cave or den!

**Filler**  
Fills the space between two shelves and two posts.

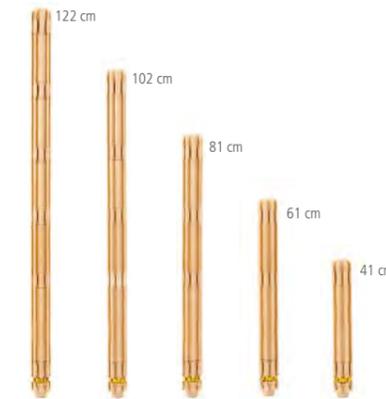

Hook spots are the secret to keeping the Flowie on the Branch.

**Classic posts** connect shelves, panels and gates. See p.79 for guidelines.

# NEW Roomscapes wooden posts

These wooden connectors integrate seamlessly with Roomscapes products, adding a final touch of natural beauty to your environment. The Angled post gives you more flexibility and options in arranging your room. A wooden post option is available for most Roomscapes sets. Ask your account manager for details.

**Wooden filler**  
Fills the gap between two connected shelves.

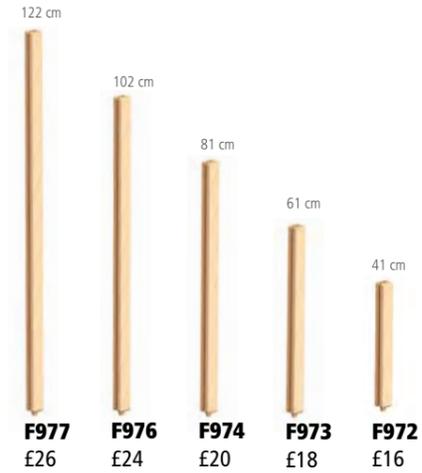

**Angled posts**  
Connect Roomscapes items at any angle.

**Straight posts**  
Connect Roomscapes items in a straight line.

## Straight posts

Connect Roomscapes items in a straight line.  
4 cm wide.

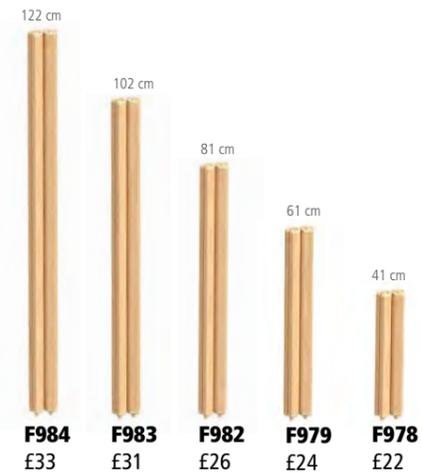

## Panel stabilisers

Stabilise Roomscapes panels. Not for use with Roomscapes entry or gates.  
Base: 40 cm wide.

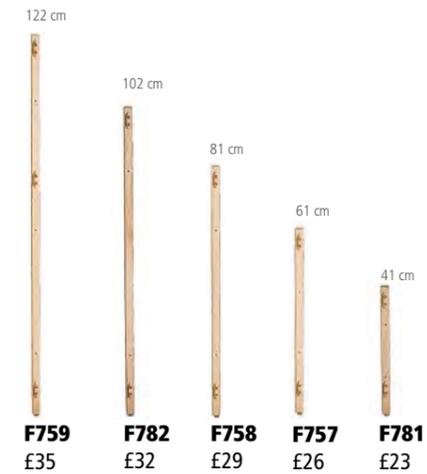

## Angled posts

Connect Roomscapes items at any angle.  
8 cm wide.

## Wall adapters

Attach to the wall or other stable fixture to support a post.  
2 cm wide.

## Wooden filler

Fills the space between two shelves and two wooden Straight posts.

Angled posts are hinged down the centre, so your Roomscapes divider can turn left or right, go straight ahead, or adjust to anywhere inbetween.

Wooden posts make it easy to assemble a Roomscapes divider.

# Using Roomscapes

A quick guide to planning your Roomscapes order.  
Overwhelmed? Ask about our free room layout service: 0800 387 457

## 1. Measure your space

For a room divider, measure the span to the nearest centimetre. If planning an entire room, you will need a floor plan with a full set of dimensions. This should include doors, windows and built-in features.

## 2. Know your goals

- How old are your children?
- What about storage?
- How accessible should the area be?

## 3. Choose your items

See individual pages for dimensions of products.

**Shelves** double as boundaries and display when used in a divider. See page 55

**Panels** provide a simple divider in various heights. See page 68

**Gates and Entries** allow or restrict access to a space. See page 72

## 4. Put it all together

Roomscapes shelves and panels connect without tools, using sturdy posts.

**Posts** connect Roomscapes products. Add 6 cm to your plan for each post. See page 74

**Wall adapters** attach posts to a wall. See page 74

**Wings** stabilise a run of panels. See page 74

**Adjustable panels** close odd gaps in a divider. See page 68

**Fillers** close the gap between two shelves. See page 74

Each shelf and panel has couplings on the sides where posts attach.

Posts slide onto the couplings. No tools needed!

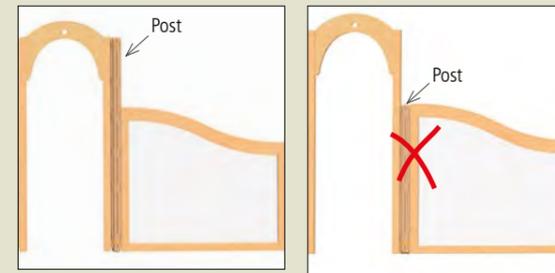

Shelves and panels can attach in 45 degree increments.

# Roomscapes guidelines

How to make safe and stable Roomscapes connections

## Posts

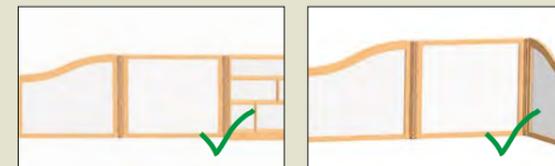

Always match post height to the highest piece it connects.

If you place panels on top of shelves or other panels to make a higher divider, the combined height should not exceed 122 cm.

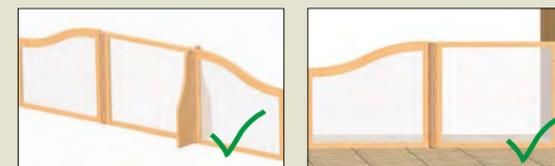

## Panels and Arches

Never connect more than 2 panels in a row without stabilising them in one of the following ways:

Add a shelf.

Create a 45° or 90° angle in the line of panels.

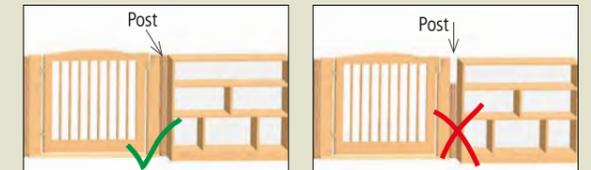

Use a pair of Wings (see p. 74).

Attach to a wall (see Wall adapters p. 74).

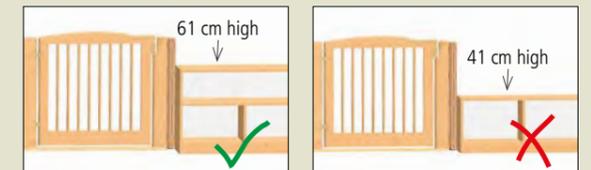

- Panels must always be attached at both ends. (See illustrations above.)
- Never exceed 122 cm in height.
- Never end a straight line of panels with a single Corner shelf.
- A 61 or 81 cm high Corner shelf connected to a Teacher arch or Roomscapes entry must also connect to another panel, shelf, or wall adapter.

## Roomscapes Gates

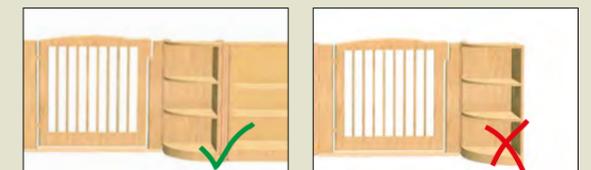

Gates need extra support to be stable and safe.

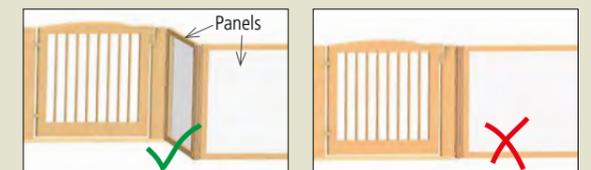

Supporting posts must be at least 81 cm high.

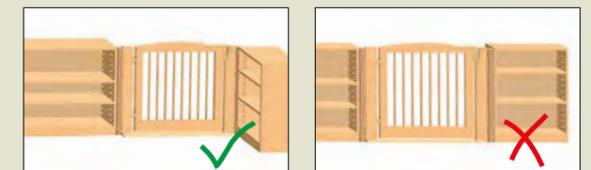

Attached shelves or panels must be at least 61 cm high.

A 61 or 81 cm high Corner shelf connected to a Roomscapes gate or compact gate must also connect to another panel, shelf, or wall adapter.

Panels must connect at a 45° or 90° angle to the Gate threshold.\*

63 cm long shelves must connect at a 45° or 90° angle to the Gate threshold.\*

\*Exception: the Roomscapes gate and compact gate may connect in a straight line with a panel or 63 cm shelf, but only if the hinge side is connected to a 94 cm shelf (or longer), to a wall, or to angled panels.

Library shelf (F776)

Shelf backs offer even more storage space, with a slot to hold big books.

**Up to roll. Down to stay.**  
Just flip up the wheels, roll it where you want, then flip them down for a perfectly stationary unit.

Children will enjoy picking just the right book from the many choices shown on the overlapping display shelves of the Library rack and Library shelf.

Big books are visible from both sides of the rack, and generous book storage space is available on the shelves below and behind the racks. Optional book ends securely hold books in place.

You can create a cosy library corner, removed from the general hubbub, by connecting a few Roomscapes panels to the Library rack and shelf.

Books expand imagination as well as knowledge. They should be clearly displayed for children to easily recognise and select their favourites.

# Chair and table height guidelines

It comes down to a simple formula – comfort equals concentration and contentment. If children have furniture shaped to support their bodies’ best posture, they can stay focused on the work or play in front of them.

Determine the best chair height by seating a child with knees at 90° and feet flat on the floor. Measure the distance from the floor to the seating surface.

The table legs and chairs are size-marked to help determine the correct table/chair choice. Match the size marks on table and chair.

**Chair size mark**  
A chair size mark is stamped on the underside, and printed on the ID label.

**Adjustable leg size mark**  
Pull out the telescoping leg until correct number shows directly below the gold ring.

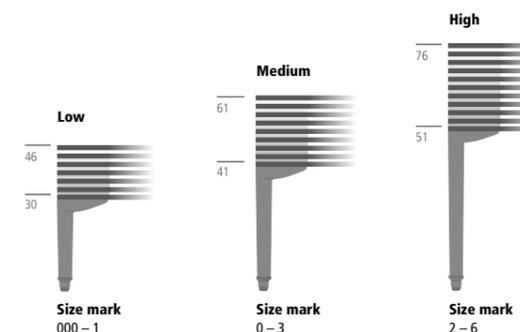

**Solid leg size mark**  
On a solid leg, the size mark can be found at the top of the leg where it attaches to the table.

# MultiTables

## Table top options

Modular table shapes allow you to configure your room for many different use cases: solo work, small teams, round table discussions, or a classroom debate. See options on page 106.

## Adjustable leg options

Choose from three heights of adjustable table legs to keep pace with growing children of various ages. Table legs click out telescopically to give you maximum flex-stability.

## Solid wood leg options

Choose from nine heights of solid wooden legs for a sturdy table with a natural look.

**To adjust table height,** just push the yellow ring down and slide the leg in or out.

**Easy-to-clean laminate** is waterproofed with laser-bonded edging to keep moisture out.

Soft tips on table legs help keep the noise down.

**Set the correct table height.** Match the number on the chair bottom to the corresponding number stamped on the table leg. Find height recommendations per age on page 101.

Save floor space by moving tables to the side of the room and stacking them in a fan pattern. For more permanent and compact storage, legs unscrew and clip into the leg holder.

To support developing motor control, slightly tilt a table by shortening the adjustable legs on one side.

## MultiTables

This versatile system of tables is solid and dependable to support the important work of playing and learning. With a wide range of shapes and sizes it's easy to customise your tables to fit different ages, groups, and activities.

MultiTables are lightweight and modular so you can move, stack, and store them easily. Adjustable legs allow staff to change the table height quickly – no tools needed. Or choose the solid leg option for a sturdy table with a natural look.

Tables come in four different shapes; each one with a variety of sizes. **Find all options and prices on the next page.**

# Chairs and seating

Choosing chairs? Sitting surfaces need to be appropriate for the activities they promote, so we offer a wide range of seating options. Comfort equals concentration and contentment.

### Stacking stools

Designed for comfort, these sturdy stools are a great alternative to chairs. Suitable for any activity, from story time to role play, or even lunch. Available in six sizes, and handy for staff as well. See page 113.

### Woodcrest chairs

Comfortable, ergonomic seating for preschool children to adults. Available in seven sizes. Don't miss the Teacher low chair – it's the one with a handhold! See page 111.

### Childshape chairs

Solid chairs with armrests, designed for twos and threes who need extra stability. Available in two sizes. See page 115.

### Mealtime chairs

Babies and toddlers need supportive, cleanable seating as they master their eating skills. Available in two sizes, with optional feeding tray. See page 115.

### Me-do-it chairs

Low and wide-based, Me-do-its are just right for toddlers. Available in two sizes. See page 207.

### More seating

See Child's sofa and armchair on page 167, and Outlast benches and seats on page 27–29.

43 cm Woodcrest chair (J716)

**Shaped for comfort**

The backrest "circle" eliminates pressure on the lower spine. Edges and corners are rounded.

**Stable seating**

The wide-based design makes the chair stable without having the legs protrude.

**Good posture**

Children sit comfortably and correctly on this contoured chair. The waterfall front encourages circulation.

Rubber tips are non-marking, non-slip and help keep the noise down.

Light enough for children to carry.

**Stackable:** Five chairs high.

# Woodcrest chairs

ECERS 2: 7.1, 5.2, 5.1 ITERS 2: 7.4, 7.2

The lightweight Woodcrest chair is made of formed beech. The graceful one-piece design is easy to clean, with no joints to work loose. They're ultra-stable and sturdy, and scaled so children can sit with feet flat on the floor.

To organise smaller toys or loose parts, place a Deep tote (p. 66) in Storage shelf compartment.

Built-in ledge puts a play surface right at children's finger tips.

Water drains off toys through grates, and collects on removable plastic drip tray.

The large drain allows almost any material through. It's easy to clean, and the tethered plug won't get lost!

Change height of table quickly with intuitive leg adjustment.

## Small tables for sand & water play

**ECERS** 2: 7.2, 23:7. 5.1  
**ITERS** 21: 7.2, 7.1, 5.3

This Small table is the compact, space-efficient option to bring sand and water play into your setting when floor space is limited. It's easy to move, drain and clean. Watch children completely immersed in sensory play with a variety of materials.

Sand and water tables adjust to three heights: low for 15–24 months, medium for 2–3 years, and high for 3–6 years.

The Storage shelf's angled, child-height compartments invite children to sort and select toys; even babies can help themselves. The designated slot at the back holds two Sand and water table lids.

All items come fully assembled.  
 For ages 15 months–6 years.

As children dig, pour, sift and scoop, imaginations expand and discovery begins.

**Mobile:** Flip up the hidden wheels, roll...

**...and flip down** for a perfectly stationary unit.

**Low sensory table**  
(A691)

The Low sensory table comes with a lid.

10 cm deep pan holds anything from balls to natural materials.

Sturdy build lets babies pull up safely on the smooth rim.

# Low sensory table

ITERS 15: 7.2, 7.1, 5.1

Here's a place for the smallest ones to explore – just the right height for your little crawlers. This Low sensory table encourages communication and curiosity as well as both fine and gross motor skills. Lift pan out easily for emptying and cleaning.

Stow accessories and loose parts in the child-accessible Storage shelf, where even babies can reach them.

All items come fully assembled.  
For ages 9–15 months.

**Low sensory table**  
**A691** £305

**Sand and water storage shelf**  
**A698** £570

The stable wooden frame invites babies to explore, and little feet fit under the pan!

**Bring it down to baby level.** The Low sensory table lets them discover new textures and explore sensory materials.

Sort, post and transport – toddlers can access the angled compartments on the storage shelf, and even little crawlers can rummage through the bottom bins.

**Front view**

Seven Quarter totes along the top encourage shopping around for craft items. Deep and Shallow totes provide plenty of space for larger items.

Eight green cups hold artists' tools.

Handy dowel keeps craft ribbon and tape tidy.

Five Half totes provide child-sized storage for craft items.

**Help yourself trolley with clear totes (H571)**

**Back view**

Paper slots are slanted so they can hold a wide range of sizes, up to A2. Note the wider, deeper slot for paper rolls or cardboard.

Sturdy locking castors ensure easy transport.

# Help yourself trolley

ECERS 20:7.2, 7.1, 5.1 ITERS 17:7.2, 7.1

If you share classroom space with other programmes or simply don't have room for an art centre, consider this creative station on wheels. It can travel wherever it's needed, carrying everything young artists will use. With generous storage space and totes for every possible craft material, this trolley makes up for the three or four pieces of furniture you wish you had room for.

“ Having the freedom and independence to choose appeals to even the youngest of the children when creating their own masterpieces. Our art trolley with its many compartments enables us to provide a wide and varying range of materials to stimulate many ideas and projects. ”

# Block family

Blocks are teachers, not just toys. Block play offers a vast range of experiences, enriching every area of the curriculum and supporting child development.

For over 100 years educators have been promoting the use of blocks in early childhood classrooms as a powerful learning tool. Because modular blocks are so versatile, they offer endless opportunities for a child's imagination to soar while discovering basic math and science principles, practicing problem-solving techniques and social skills, and building a solid foundation for future education.

Block trolley (A60)

**Open sides** allow little hands to pick the blocks up easily. Weight and size are appropriate for toddlers.

**Built to last**  
Solid birch construction and clear, durable finish ensure decades of heavy-duty play.

A vehicle for every road: Small trucks are the perfect size for this highway. See page 153.

Mini hollow blocks are modular with Unit blocks and Hollow blocks, so all sizes can be used together.

# Mini hollow blocks

**ECERS** 8: 7.2, 5.1, 5.2; 22: 7.1, 7.3  
**ITERS** 16: 7.3, 5.3

Just the right size and shape for little builders, Mini hollow blocks give toddlers their first taste of large muscle block play. Older children find them an exciting extension to Unit block play and perfect for adding detail to Hollow block constructions.

Pair Small trucks and Village vehicles with Unit or Hollow blocks and watch an entire metropolis emerge.

**Safe**  
The Villagers easily pass the small parts test to prevent swallowing. The hole provides an airway for added safety.

**Complete fleet**  
Vehicles and trucks combine nicely, adding new possibilities to children's play.

**Set of four big trucks (T114)**

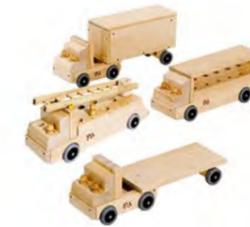

The Coach has a cargo bay big enough for Village vehicles.

# Home corner sets

ECERS 24:5.3, 5.4 ITERS 20:5.2, 5.4

Home is where the heart is. This area holds a timeless charm that will enchant little home-bodies, and its significance cannot be overstated. It need not be a corner – create a shared space anywhere in your room where children can gather, share thoughts, express feelings, and belong.

Choose from our preconfigured sets for an easy way to start. These modular units allow for arranging, changing, and adding to your collection over time.

## Complete home corner

C555 £2,960

For ages 3–5.

Everything including the kitchen sink! Make your home corner the family hub, with a kitchen living room style layout. Enjoy puppet theatre entertainment and popcorn while the washing gets done on the side.

Create a kitchen island. Place three Home corner units against a D372 MultiTable to encourage collaboration and create opportunities for enriched language. For older children, extend the table legs and stack the Home corner units on drawers.

## Country kitchen

C535 £2,085

For ages 3–5.

The heart of the home is where everyone can pitch in and help out. Little ones search the cupboards for a favourite mug, load the washing machine, or defrost the veg while chatting and laughing about the day. It's the perfect place to share exciting announcements and spill secrets.

### Sussex kitchen

**C537** £1,410

For ages 2–5. This popular combination of home corner favourites provides many role play opportunities. A shop on High street one day becomes a science laboratory the next, but there's always lots of work getting done. For older children, purchase two additional drawers to raise sink and cooker height.

### Kitchenette

**C525** £1,035

For ages 2–5. Cook a five star meal in a mini-kitchen. The two drawer units in this compact kitchen make it adaptable for a wide range of children.

### Toddler collection

**C530** £1,168

For ages 1–3. Create a space your toddlers love exploring, with turning dials, shiny mirrors and posting holes. Pinch-free and sturdy, this child-friendly area is a worry-free world of discovery.

### Starter home corner

**C538** £696

For ages 1–3. Starting with the basic items allows room to grow your collection in the future. (Studio flats are eco-friendly, and you're less likely to forget to turn off the stove burner!)

**Drama centre (C700)**  
and **Peg tree (H559)**

Hook spots hold the Flowie in place.

The peg tree collects hats, scarves and necklaces.

**Compact dress-up unit (C715)**

Done for the day, or just ready for a change of scenery? Flip up the trim, roll to a new location, and flip it down to lock in place.

The dress-up box is a cosy space to climb into, and even the youngest toddlers can help at clean-up time.

## Drama centres

ECERS 24:5.4 ITERS 2:7.3, 5.3; 20:5.3

Role play, dramatic play, imaginative play – everyone agrees it's essential. It starts with a dress-up unit with lots of storage space. Click the arches into place, toss a Flowie over them, and you have an instant stage or cosy space. Made of transparent netting, the Flowie will give children a sense of being in their own world while you can still supervise.

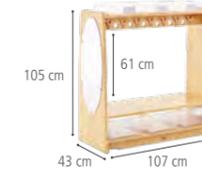

The compact drama centre saves on space and serves younger children. Instead of trays for storage, we provided a dress-up box.

**Child's rocker (J940)**

The home corner can be busy, so give your children a place to relax.

**Doll cradle (C140)**

The cradle can comfortably hold a small child with a soft toy.

**Doll bed (C110)**

Stack up two to make a cosy bunk for sleepy dolls.

**Pushcart (D120)**

Carefully designed to resist tipping, the Pushcart is perfect for one-year-olds taking their first steps.

# Doll furniture

ECERS 24:5.3 ITERS 20:7.2, 5.4

Doll furniture supports children's love of dramatic and social play. This open-ended equipment is solidly constructed and provides rich opportunities to re-enact the events of daily life.

Child's armchair, blue  
**J641** £386

There's plenty of room on this sofa – and since it's sized perfectly for children, everyone gets a good view at story time.

Impermeable cushions can be cleaned with soap and water. Stains are easily removed.

Highly durable, puncture-resistant cushions allow for years of daily use.

An armchair creates an inviting space that provides quiet, security and the feel of home: time-out during a busy day.

Where would you go with a good book? The child's sofa adds a welcoming touch and invites curling up for a good read.

### Up and over

**G808** £1,552

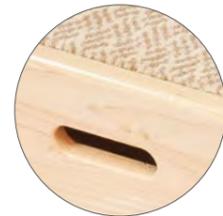

Here's another compact gym, this time with an elevated viewing platform – a new perspective that intrigues babies!

Exmoor (C993)

ToddleBox connectors ensure security, stability, and easy reconfiguration.

Smooth, rounded handholds aid in easy reconfiguration.

Give interest and texture to flat floor space with a ToddleBox stage set. The added dimension of a raised surface opens up more possibilities for toddlers' play.

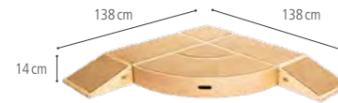

Children learn by moving. Repeated motions like climbing in and out of ToddleBoxes are opportunities to develop problem-solving and refine motor skills.

# ToddleBoxes

ITERS 16: 7.3, 5.3, 5.4; 30: 7.2, 5.1, 5.3

Doors can be locked to provide child-proof storage. Open with key provided, or similar flat object.

## Changing tables

ITERS 2: 7.1; 9: 5.3

Each moment of caring for a child is a potential learning opportunity. Every day, individualised routines such as nappy changing offer valuable chances for teacher-child interaction. A well-organised, safe, and sanitary changing station makes the experience relaxed and comfortable for both child and caregiver.

Our Changing table and Wall-mounted shelf put everything you need within reach. Retractable steps and easy-to-clean surfaces provide maximum staff support.

**Save your back.** With thoughtfully designed equipment, nappy changing is a comfortable and happy process for everyone.

Optional child-size steps automatically retract when you take your foot off the floor pad, making them out-of-bounds for little explorers.

**20 cm Mealtime chair with tray (J443)**

Belt with secure clip removes easily for washing.

Wide legs provide stability and allow stacking. Soft, non-slip chair tips keep noise down.

**25 cm Childshape chair (J410)**

Armrests provide extra support.

Safe and easy to clean, with rounded edges and corners.

The Mealtime chair's low and sturdy construction allows a toddler to climb right in. (The Teacher low chair brings you down to the children's level. See p. 111)

Childshape chairs provide supportive, comfortable seating to help children focus on the task at hand.

# Feeding chairs

ECERS 2: 7.1, 5.3, 5.2, 5.1  
ITERS 2: 7.2, 5.2

The Mealtime chair has a post and seatbelt to prevent the child from sliding out. As the child grows and masters new skills, you can store the tray and use the Mealtime chair right at the table. Chairs can stack when not in use.

Childshape chairs have no post or strap. They encourage healthy posture because the child's back is supported, and feet are flat on the floor. When not needed, Childshape chairs stack neatly.

Trays are dishwasher safe, removable, and fit both sizes of Mealtime chairs.

# Baby shelf

ITERS 2: 5.3

Designed especially for babies learning to walk, the Baby shelf's solid wood construction provides stability for cruising children and sturdy seating for their carers. Mirrors and peepholes in the end panels invite play and discovery. Placed on its side, the Baby shelf becomes a boat any child is delighted to play in.

Baby shelf **F611** £305

Carpeted top surface is soft on baby's hands.

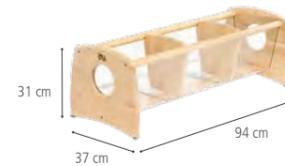

Easy grip lip surrounds the top, giving a handhold for babies and preventing toys from rolling off.

End mirrors with holes are for peeking through.

# Browser box

ITERS 2:5.3, 14: 7.1

Books, toys or teddy bears – any or all of these fit together in the Browser box. Your littlest ones hold on safely as they cruise around the perimeter, supported by the dowel handholds and the wide base. At clean-up time, even babies try to put toys away in the bins.

Browser box **F778** £223  
Includes 2 Book ends

Small browser box **F770** £180  
Includes Book end

Adjust the size of the bins by pushing the dividers along.

Smooth hardwood ends provide handholds for carers (or peepholes for babies).

The space-saving Small browser box offers the same play value with a smaller footprint.

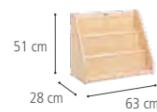

# Toddler book display

ITERS 14: 7.1, 5.2

It's never too early to instil a love of books in children. With its clear front panels and low design, the Toddler book display is perfect for your littlest readers. Join two shelves back-to-back for a sturdy literacy island. It's quick and easy with the built-in connectors on the back of each unit. No tools needed.

For ages 12 to 36 months

Toddler book display **F381** £250

Set of two toddler book displays **F380** £495

Books are fully visible through the clear front panels.

Heavily-rounded edges make a perfect handhold for wobbly walkers.

# Pushcart

ITERS 16: 7.3

Your children's imaginations will turn this Pushcart into a tractor, pram or lawn mower. One-year-olds can pull to a stand without tipping it, and it will withstand years of intense and varied play.

For ages 1 to 5

Pushcart **D120** £185

# Free room layout service

Choosing furniture and budgeting for a new space can be overwhelming. Our free Room layout service takes some of the stress off you and your staff. Send us your floor plans and budget, and our designers will send you a custom layout that fits your unique requirements. To help visualise your furnished space, we'll send you a 3D rendering and a 2D layout with furniture and activity areas labelled.

## 1. Tell us about your project

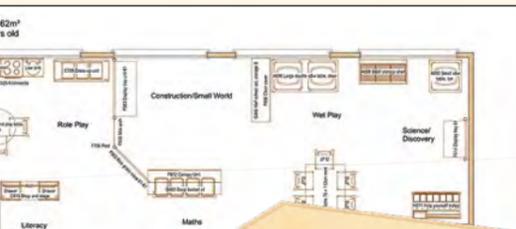

We will send you a questionnaire followed by a phone call to discuss your plans, requirements and deadlines.

## 2. We do the work

With the information you send we will create a 2D and 3D design of your space including a cost estimate. All free of charge and within two weeks.

## 3. Delivery

All furniture will deliver fully assembled within two weeks. Better yet, the boxes will be marked to correspond with your plan. Ask your account manager regarding our set up and packaging removal service.

Call today to discuss your project:

# Customer service

Here are some extras you'll enjoy when you choose Community Playthings.

**Free two-week delivery** We guarantee two-week delivery on all our products, but most orders are dispatched sooner. We hold substantial stocks of finished goods so that even large orders can ship quickly. Delivery is always free; no minimum order.

**Leasing/Financing** You can pay in monthly instalments. The value of your order can easily be converted to an affordable monthly rental, usually over 3 to 5 years. No deposit is necessary and your lease rental is both fixed and tax allowable. Please note that all finance is subject to status. For more information and a leasing calculator, contact your account manager.

**Replacement parts** Replacement parts are available through customer service, often at no cost. We recommend a regular programme of maintenance. Refer to the specific product guide for maintenance suggestions.

**Free training resources** We offer a range of booklets and videos for staff development. We hope these tools will support and inspire anyone privileged to work with young children. Request our free training resources at [communityplaythings.co.uk/training](http://communityplaythings.co.uk/training)

**15-year warranty** We promise you fifteen years of service, day in and day out, on every component of our line. The terms and conditions are available on request, or at [communityplaythings.co.uk/FAQ](http://communityplaythings.co.uk/FAQ)

**Actually, it's no secret** that Community Playthings products last a lot longer than 15 years: this truck is at least 50 years old and still rolling! How do we know? In 1964 we changed our logo, so the old one branded on this truck means it was made before then. We found it in a nursery where the children still use it daily.

## Safe for the earth

Our environmental commitment is as solid as our furniture. From product design to manufacturing and delivering your order, we're always on the lookout for the greenest way.

### Stewardship of resources

Our furniture is made with wood from well-managed, FSC® certified forests and other controlled sources. The Forest Stewardship Council® (FSC) is an independent non-profit organisation promoting environmentally appropriate and socially beneficial management of the world's forests.

**Clean air outdoors** We take measures to safeguard the environment for the benefit of present and future generations. We are certified to ISO 14001, a standard that helps organisations continually improve environmental performance through more efficient use of resources, reduction of waste, and minimisation of other environmental impacts.

**Clean air indoors** To provide the healthiest environment for children, Community Playthings works with Eurofins to evaluate our products against the most stringent indoor air quality standards in Europe. Our furniture achieved Indoor Air Comfort Gold certification, which incorporates legal requirements and voluntary standards for indoor emissions.

**Sustainable** With all our products designed and built in-house, Community Playthings offers an industry-leading sustainability profile. We are full members of the Furniture Industry Sustainability Programme (FISP), which promotes best practises to drive social, economic and environmental change.

### Local care and craftsmanship

All products are designed and made in our workshops in Kent and East Sussex. We use local suppliers where possible. Goods are shipped directly from our warehouse in Kent, reducing our carbon footprint.

**Longer lifespan** The ultimate environmental standard? The test of time. Quality products that last for decades don't clog landfills or require a lot of resources to fix or replace. Our durably made furniture and play equipment will be around for generations to come.

## Safe for children

Children are particularly vulnerable to harmful chemicals in their environment. We are committed to eliminating all hazardous materials, known or suspected, from our products.

**Indoor air quality** Children are particularly vulnerable to harmful chemicals in the air. Many of these are volatile organic compounds (VOCs) from paint, varnish, air fresheners, building products, and cleaning agents. These chemicals have been linked to serious long-term health consequences including asthma and allergies. Since our products are PVC-free and use low-emitting finishes, they have achieved Indoor Air Comfort Gold certification, which incorporates legal requirements and voluntary standards for indoor emissions.

**Healthy and safe materials** Science has discovered chemicals in our everyday environment that may compromise health. Most are created by industrial processes and are used in plastic and other common products. Some, such as Bisphenol A (BPA), disrupt the endocrine system. Tiny amounts can have outsized effects by mimicking hormones.<sup>1</sup> Phthalate plasticisers in polyvinyl chloride (PVC) are linked to modern ills like obesity, diabetes, or early puberty and are particularly ubiquitous in the modern manufactured environment. (Production of PVC itself is hard on the environment.) We are glad to reassure you our products are polycarbonate- and PVC-free. That means no BPA and no phthalates. Our acetylated outdoor products are free of metal compounds, pesticides, and other chemicals commonly used to treat timber. The only by-product of acetylation is acetic acid (vinegar). Our cot mattresses are made of coir (coconut husk fibre) and wool, and are free of all chemical flame retardants, while still passing flammability standards. We will allow no known hazards in our products, but only greener, healthier materials for your children.

# Product maintenance

Community Playthings products are worth caring for. You already know that our products last for decades. We recommend a regular maintenance programme for keeping Community Playthings products strong and beautiful. Refer to your product guide for more maintenance suggestions. Replacement parts are available through customer service, often at no cost.

## Outdoor products

Community Playthings Outlast items are resistant to wood-decaying fungi and moulds. Weathering and mildew growth have no negative effect on the structural integrity, but the wood may eventually fade and turn grey from exposure to the sun's UV rays. If you prefer the original look, follow the instructions below to re-stain your items. Contact customer service to request a free bottle of Outlast refinishing stain.

1. Scrub item with soapy water to remove dirt or mildew. Allow to dry completely before applying stain.
2. Apply stain liberally to wooden parts. (If you get some on the plastic parts, don't worry, just be sure to wipe it off with a damp cloth before the stain dries.)
3. Allow stain to dry for a few minutes before removing extra drips with a dry paper towel. Stain will be dry to the touch in a couple of hours, but it's best to let the stain dry overnight before continuing to use your item.

## Indoor products

**Unfinished wood** Use a mild detergent and water. Scrub with a stiff brush, working quickly to avoid soaking the wood. Wipe off excess water and allow to dry thoroughly.

**Finished wood** Wipe with a damp cloth and mild detergent. Do not use excessive water. To refinish, lightly sand the entire surface. Any remaining finish need not be removed. Then, following the manufacturer's instructions, apply one or two coats of child-safe varnish, using a brand you trust.

**Carpet cleaning** Our carpets are made of stain-resistant nylon fibre. Vacuum carpets frequently. To wash, lift a corner of the carpet to remove, shampoo with carpet cleaner and allow to dry before replacing it. For stubborn stains, refer to your product guide.

**Disinfecting** Use any standard disinfectant such as a bleach-based solution or virucidal disinfectant. All products should be rinsed with plain water and dried after any cleaning agent is used.

# Terms

- Prices in this catalogue are effective 1 January 2024 and are subject to change without notice. If prices change appreciably we will advise you before dispatch.
- All prices are exclusive of VAT.
